

triResolve

THE CENTRAL SERVICE FOR DERIVATIVES PORTFOLIO RECONCILIATION.

triResolve enables market participants to validate and align their positions and exposure to reduce credit counterparty risk.

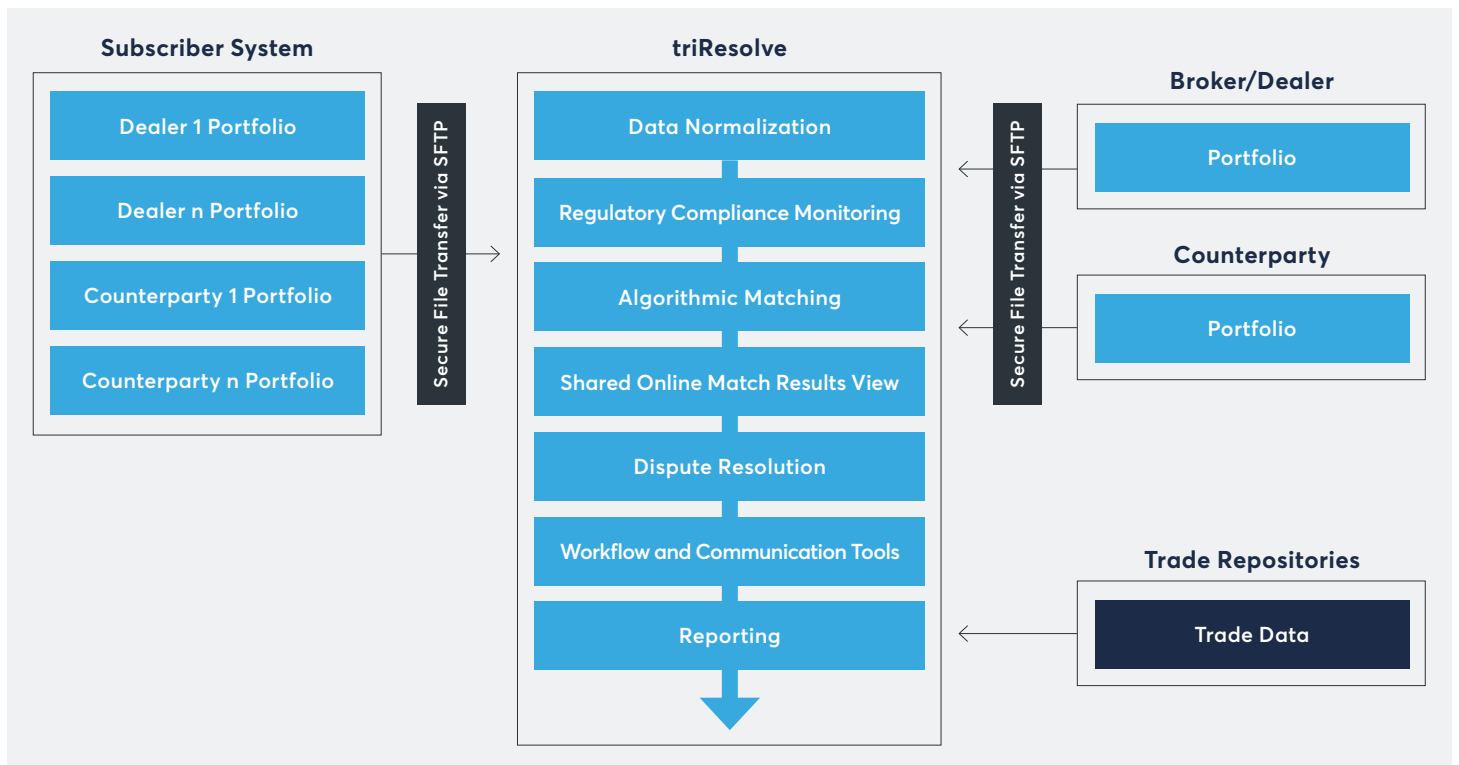

The market leading solution

triResolve reconciles over 85% of all bilateral OTC derivatives across 2,500 groups, which means all your counterparties are in one place. You benefit from a centralised service model with a global network where you and your counterparties share the same view and work together to resolve any differences.

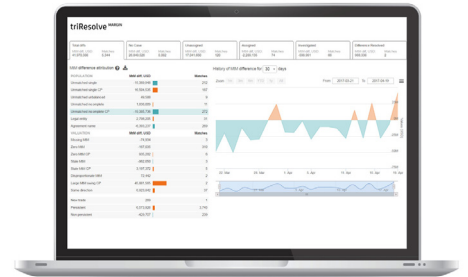

How does it work?

- Send your data in any format
- We normalise the data and reconcile all fields using algorithmic matching
- Results are shared bilaterally online
- Use the flexible and functional triResolve platform to identify, track, investigate, and help resolve discrepancies

Cutting edge analytics

Flexible reporting and automatic dispute attribution show you where in your portfolio you have meaningful differences and automatically determine what is driving them.

What are the benefits?

- **Cost effective:** Pay as you go with no hidden fees via our transparent pricing model
- **Rapid onboarding:** You can be up and running on our web-based service in a day with no installation required
- **All file types supported:** We normalise data in any submitted format
- **All asset classes and products:** Support for bilateral and cleared OTC derivatives, repo, collateral holdings, and ETDs reconciliation
- **Advanced analytics and reporting:** Automatic dispute attribution and case management enables intelligent and auditable dispute resolution
- **Facilitates regulatory compliance:** Focusing on exceptions through automation enables you to meet your regulatory obligations with ease
